

Jayride Sets Record Revenues and Strongly Reduces Cash Burn

25 July 2019 – Jayride Group Limited (ASX: JAY) ("**Jayride**" or the "**Company**"), the global online marketplace for airport transfers, is pleased to present its Quarterly Business Review and Appendix 4C for the quarter ended 30 June 2019 (Q4 FY19).

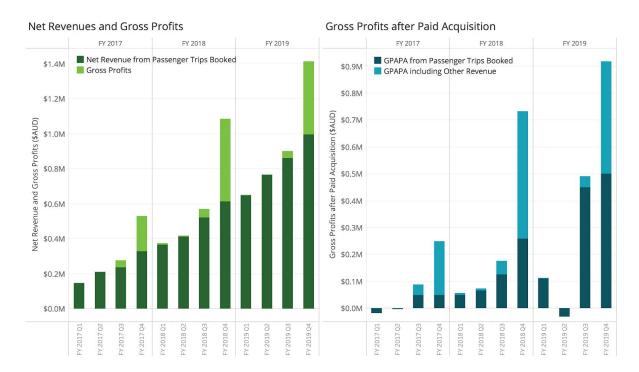

- Net Operating Cash Flows in Q4 FY19 of \$(0.9)m, 49% improvement compared with \$(1.8)m in Q3
- Cash Receipts from Customers in Q4 FY19 of \$1.3m, 93% improvement compared with \$0.7m in Q3
- Net Revenues from Passenger Trips grew 63% year on year to \$1.0m in Q4 FY19
- Gross Profit after Paid Acquisition¹ from Trips grew 93% year on year to \$0.5m in Q4 FY19
- Passenger Trips Booked grew 65% year on year to 104K in Q4 FY19 a total of 351K in FY19
- Jayride objective set to exceed 1 million Passenger Trips Booked in FY21

Record Net Revenues of \$1.0m drive record Net Cash Receipts of \$1.3m

Jayride has achieved its 24th consecutive quarter of growth in Net Revenues from Passenger Trips, which grew to \$1.0 million in Q4 FY19. Gross Profits after Paid Acquisition grew to \$0.5 million in Q4 FY19.

Net Cash Receipts from Customers grew even more strongly to \$1.3 million as a result of the strong revenue growth in Q4 FY19, combined with tighter collections of partner bookings made in Q3.

Q4 FY19 Net Revenues growth of 63% and GPAPA growth of 93% year on year

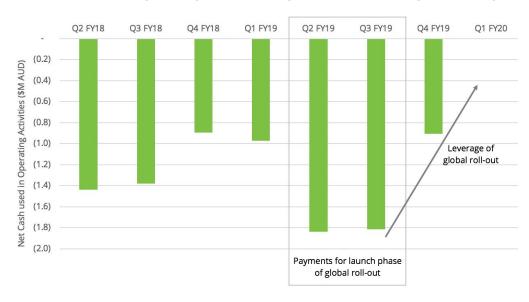

¹ Gross Profits after Paid Acquisition (GPAPA) is Net Revenues less all paid traveller acquisition costs (e.g. advertising).

Net Operating Cash Flows of \$(0.9)m a 49% Reduction in Cash Burn

Q4 FY19 Net Cash used in Operating Activities improvement of 49% quarter on quarter

Jayride had Net Operating Cash Flows of \$(0.9) million in Q4 FY19, a significant improvement of 49% compared with \$(1.8) million in Q3. This is consistent with Jayride's strategy of moving to leverage international regions to profitability.

The Company's cash balance at 30 June 2019 was \$1.4 million.

The Company expects its cash balance at 30 September 2019 to also be approximately \$1.4 million. To achieve this, during the September 2019 quarter (Q1 FY20), the Company expects an Operating Loss after Receipts and Payments to be offset by the receipt of the Company's R&D Tax Incentive².

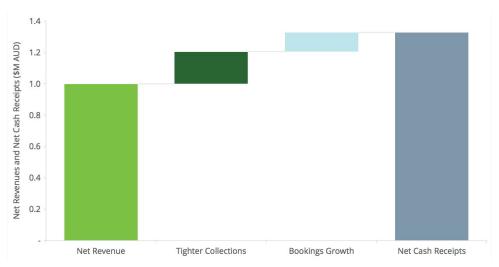

For the December 2019 quarter (Q2 FY20), the Company strategy is to further reduce its Operating Losses by scaling Net Revenues and Net Cash Receipts towards profitability. In the March 2020 quarter (Q3 FY20) the Company will consider its strategies in accordance with the additional funding listed below.

In Q3 FY20 the Company has conditional access to additional funding in two forms, including a debt facility, and share options. The debt facility totals \$1 million and is available 1st January 2020 subject to the terms of the facility. The share options total \$12.3 million of which \$9 million expires 31st March 2020 with an exercise price of \$0.553.

² The R&D Tax Incentive is apportioned to revenue and intangible assets in Q4 FY19, and an unaudited estimated apportionment to revenue is recognised in June as seen in the graph on page 1.

Q4 FY19 Net Receipts from Customers grows to \$1.3 million

Jayride had Net Cash Receipts from Customers of \$1.3 million in Q4 FY19 on Net Revenue of \$1.0 million.

In the preceding quarter, Q3 FY19, the Company had Net Cash Receipts from Customers of \$0.7 million on Net Revenue of \$0.9 million. Net Cash Receipts lagged Net Revenues during Q3 FY19 as a result of strong uplift in partner bookings which were not paid for during the quarter. Subsequently, in Q4 FY19, the Company put in place tighter collections processes. As a result, in Q1 FY20 and future quarters, the Company's Net Cash Receipts from Customers should align more closely to the Company's Net Revenues.

Passenger Trips Booked growth

Passenger Trips Booked grew to 104K in Q4 FY19, an improvement of 65% year on year, growing from 63K in Q4 FY18. This growth of 41K passenger trips was comprised of an increase of 35K in new countries launched since June 2018, and an increase of 6K in existing countries.

Q4 FY19 Passenger Trips Booked grow 64% year on year

Jayride Group Limited (ACN 155 285 528)

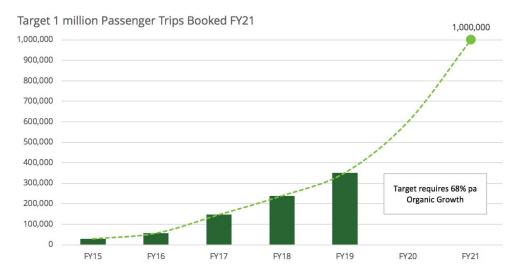

"Passenger Trips Booked is the key driver of Jayride's revenues and profits. With the Company's new global foundations completed, Jayride is well positioned to continue growing Passenger Trips Booked, with each new passenger trip we serve contributing incremental net revenues and profit to the Company," said Jayride Managing Director, Rod Bishop.

Forward Outlook

Jayride's strategy for FY20 is to leverage the Company's new global foundations at 1,511 airports in 81 countries serving 85% of the world's airport passenger trips. The Company is currently receiving millions of passenger trip price requests each quarter within these countries. A total of 6.6 billion passenger trips travel annually in Jayride's current addressable market.

The Company's new core objective is to organically grow Passenger Trips Booked to at least 1 million passenger trips booked per year, by 30 June 2021 (FY21).

Target 1 million Passenger Trips Booked Per Year

"All the elements are now in place – a robust technology platform, global footprint, world-leading number of transport companies – to scale Jayride's revenue to profitability without the immediate need for further significant investment," said Bishop.

About Jayride Group Limited

Jayride.com is a world-leading global airport transfers marketplace, which creates seamless experiences for travellers by allowing them to compare and book airport transfers around the world. With Jayride.com, travellers can compare and book with 3,300+ transport companies, servicing 1,500+ airports around the world, including the Americas, Europe, Middle East, Africa, Asia and the Pacific.

The Jayride.com platform aggregates ground transport companies and distributes them to travellers at Jayride.com; and via partnerships with other travel technology platforms, travel agencies and wholesalers. These partners implement Jayride.com APIs to sell ground transport and add new incremental ancillary revenue to their travel businesses.

Founded in 2012, Jayride.com is headquartered in Sydney, Australia.
